Yachting Land Adventures Program

MONTSERRAT BY HELICOPTER & ANTIGUA HIGHLIGHTS

Tour: STJ-4

Price: \$299

Approximate Duration: 50 minutes

Departs: TBD

A Yachting Land Adventure that you will long remember! Departing the Fort James helipad, your helicopter flight is sure to leave a deep impression of nature's devastating power and beauty as you head to the neighboring island of Montserrat - which suffered Nature's wrath in 1995 when the 3,300-foot Soufriere Hills Volcano erupted, creating flows of hot gas, molten rock, ash and mud that billowed down the side of the mountain at speeds of up to 100 miles per hour. In the center is the still active volcano, which frequently emits ash, smoke and steam. Your pilot stays safely upwind of the cone, while making passes that allow a spectacular view of the peak and the massive Tar River Gorge a thousand feet below. Fly next to Plymouth, former capital of Montserrat. Now completely uninhabited, the sight of much of the island's main population center and surrounding villages buried under ash and rock must be seen to be believed. Fly over the empty runway of the W. H. Bramble Airport that was closed when a direct hit from lava flows destroyed it in 1997. Back to the eastern coast; see the spectacular cliffs and another view of the volcano that changed thousands of lives before your return to Antigua. From the helipad, air-conditioned coaches transport you on a picturesque drive through some of Antigua's smaller villages and to Shirley's Heights' Lookout, Fort Shirley, Dow's Hill, and Nelson's Dockyard before returning to SeaDream. An unforgettable overview leaving you lots of time to shop, swim, snorkel or wander upon your return.

NOTE: Flight time is approximately 50 minutes. Narration is provided by your pilot; headsets and voice activated microphones allow you to ask questions. Participation is limited; please use your onboard booking form early to avoid disappointment.

ILES DES SAINTES, GUADELOUPE

The time is yours to explore this charming island, wander to the beach, do a little browsing or partake of the island's famous pastry confection – the tourment d'amour (the agony of love).
